ELEVATE YOUR CORPORATE COMMUNICATION

Mastering Professional Business English
for Global Success

THE CORPORATE COMMUNICATION ACCELERATOR

The Corporate Communication Accelerator is a results-driven Business English programme developed for professionals operating in English-medium corporate environments. It strengthens communication skills required for meetings, presentations, written correspondence, and cross-cultural collaboration. The programme combines structured language development with practical business application to ensure measurable improvement and immediate workplace impact.

WHO THIS PROGRAMME IS FOR

This programme is designed for:

- Corporate teams working in English-speaking business environments
- Managers leading multicultural or international teams
- Professionals presenting to clients or senior leadership
- Employees preparing for promotion or greater responsibility
- Companies expanding into international markets

PROGRAMME OBJECTIVES

The programme focuses on:

- Clarity and confidence in spoken English
- Structured and persuasive communication
- Professional writing accuracy
- Strong pronunciation and message delivery
- Effective participation in meetings
- Cross-cultural communication awareness

**Improve
communication
performance in
real business
situations.**

PROGRAMME STRUCTURE

8–12 week structured programme

1–2 sessions per week

60–90 minute sessions

Available online

**Programmes can be customised
based on organisational needs.**

SESSION STRUCTURE

Each session includes:

- Targeted language development
- Real workplace communication scenarios
- Speaking practice and structured feedback
- Pronunciation and clarity drills
- Business vocabulary development
- Applied communication tasks

**Participants are encouraged to apply new
skills directly to their daily work responsibilities.**

LEARNING OUTCOMES

By the end of the programme, participants will be able to:

- Contribute confidently in meetings and discussions
- Deliver clear and well-structured presentations
- Write professional and concise business emails
- Use advanced business vocabulary accurately
- Communicate effectively with international stakeholders
- Reduce common grammar errors in professional communication
- Improve pronunciation and spoken clarity

The focus is on practical improvement that can be applied immediately in the workplace.

Methodology & Academic Foundation

The **Corporate Communication Accelerator** integrates internationally recognised **Cambridge-aligned** Business English materials with customised **corporate case studies** and **real-world business** scenarios.

The programme **combines:**

- Structured language frameworks
- Practical communication simulations
- Industry-relevant case discussions
- Guided writing templates
- Presentation frameworks
- Pronunciation training techniques

This **blended approach** ensures both technical accuracy and practical business application.

The focus is not on theoretical knowledge but on **improving communication performance.**

ASSESSMENT & MEASURABLE PROGRESS

Organisations receive clear insight into participant development and communication improvement.

To ensure clear progress and return on investment, the programme includes:

- Initial communication needs analysis
- Skills audit and level assessment
- Ongoing structured feedback
- Mid-programme progress review
- Final performance evaluation
